Microsoft Azure Services

ETL - Data Warehouse

Complex Problem Solving

Analytical & Critical Thinking

◆ WORK EXPERIENCE

MCKESSON

Senior Software Engineer @ McKesson

Oct 2022 - Present

Achievements/ Tasks

- ◆ Currently, I'm developing and maintaining an Enterprise Software Application that benefits over 12,000 pharmacies in North America by maximizing inventory replenishment, minimizing losses from unsaleable returns, and monitoring controlled substances for theft and diversion; using C#: Azure Services, ASP.NET MVC, .NET Core, and Web API and a lot of cool technologies.

FPT USA CORP.

Sr. Delivery Manager, Sr. Software Engineer

May 2010 – Oct 2022

Achievements/ Tasks

- ◆ Extensive experience with large, multi-site, multi-year desktop and web-based application with all the phases of software development life cycle and using C#, .NET Framework, ASP.NET, ASP.NET CORE, SQL Server Database, PowerBI (SSRS), combined with Agile development methodologies including SCRUM/ Agile; involved in daily SCRUM/Agile activities to keep track of the ongoing project status and collaboration across diverse teams.
- ◆ Working as a Software Architect, Senior Software Engineer to coordinate all the communication between offshore and onsite team. Support customers to verify design, create requirement, develop, and verify business workflow. Have solid understanding and experiences in cloud computing-based services architecture, technical design and implementations including IaaS, PaaS, and SaaS.
- ◆ As a Delivery Manager, I helped to coordinate, allocate resources who have skills from other teams to work on the projects; undertake complete ownership of assigned tasks and manage own priorities and time allocation with minimal daily supervision.

HONOR AWARDS

*Employee of the Year – 2 times
in the last two years*

*Best performer of the year –
voted by client – 2019, 2020*

◇ Cooperative and able to perform within a team-oriented atmosphere. I have a “never quit” mindset when troubleshooting problems; have consistently contributed to the company growth and profitability by combining strong technical, management knowledge and with a dedicated initiative-taking approach.

◇ As a Senior Software Engineer, I helped my clients to improve performance of their application by reducing the report printing time 10x times faster, from 60 seconds to 6 seconds.

EDUCATION

Bachelor of Computer Science

Duy Tan Private University, Vietnam

2006-2010
